Stressors

Because accumulation of stress affects our health and ability to heal please list your top three stresses (you have ever had) in each category:

1. Physical stress (falls, accidents, work postures, etc.)
   a. _____
   b. _____
   c. _____

2. Bio-chemical stress (smoke, unhealthy foods, missed meals, don't drink enough water, drugs/alcohol, etc.)
   a. _____
   b. _____
   c. _____

3. Psychological or mental/emotional stress (work, relationships, finances, self-esteem, etc.)
   a. _____
   b. _____
   c. _____

On a scale of 1-10 (1 being very little and 10 being a lot) please grade your present levels of stress (including physical, bio-chemical and psychological or mental/emotional):

At work:	At home:	At play:

Please circle what phrase best applies to each category:

Eating habits ☐excellent ☐good ☐fair ☐poor	Exercise habits: ☐excellent ☐good ☐fair ☐poor
Sleep: ☐excellent ☐good ☐fair ☐poor	

How do you grade your physical health?

Excellent ☐	Good ☐	Fair ☐	Poor ☐	Getting better ☐	Getting worse ☐

How do you grade your emotional/mental health?

Excellent ☐	Good ☐	Fair ☐	Poor ☐	Getting better ☐	Getting worse ☐

Is there anything else which may help to better understand you which has not been discussed?

Why are you here at this point in time?

I consent to a professional and complete chiropractic examination and to any radiographic examination that the doctor deems necessary. I understand that any fee for service rendered is due at the time of service and cannot be deferred to a later date.

Doctor's Initials _____ Page 4

Disability Questionnaire (Oswestry) - for low back

Name: Date:

Please check the statement that most accurately matches how your low back discomfort is affecting you:

Section 1: Pain Intensity

- ☐ The pain comes and goes and is very mild
- ☐ The pain is mild and does not vary much
- ☐ The pain comes and goes and is moderate.
- ☐ The pain is moderate and does not vary much.
- ☐ The pain comes and goes and is very severe.
- ☐ The pain is severe and does not vary much.

Section 2: Personal Care

- ☐ I would not have to change my way of washing or dressing in order to avoid pain.
- ☐ I do not normally change my way of washing or dressing even though it causes some pain.
- ☐ Washing and dressing increases the pain, but I manage not to change my way of doing it.
- ☐ Washing and dressing increases the pain, and I find it necessary to change my ways of doing it.
- ☐ Because of the pain, I am unable to do some washing and dressing without help.
- ☐ Because of the pain, I am unable to do any washing and dressing without help.

Section 3: Lifting

- ☐ I can lift heavy weights without extra pain
- ☐ I can lift heavy weights but it gives me extra pain.
- ☐ Pain prevents me from lifting heavy weights off the floor, but I can manage if they are in convenient places.
- ☐ Pain prevents me from lifting heavy weights off the floor.
- ☐ Pain prevents me from lifting heavy weights, but I can manage medium weights conveniently positioned.
- ☐ I can only lift very light weights at the most.

Section 4: Walking

- ☐ I have no pain walking.
- ☐ I have some pain on walking, but it does not increase with distance.
- ☐ I cannot walk more than one mile without increasing pain.
- ☐ I cannot walk more than ½ mile without increasing pain.
- ☐ I cannot walk more than ¼ mile without increasing pain.
- ☐ I cannot walk at all without increasing pain.

Section 5: Sitting

- ☐ I can sit in any chair as long as I like.
- ☐ I can only sit in my favorite chair as long as I like.
- ☐ Pain prevents me sitting more than 1 hour.
- ☐ Pain prevents me sitting more than ½ hour.
- ☐ Pain prevents me sitting more than 10 minutes.
- ☐ I avoid sitting because it increases my pain right away.

Section 6 Standing:

- ☐ I can stand as long as I want without extra pain.
- ☐ I have some pain on standing, but it does not increase with time.
- ☐ I cannot stand for longer than one hour without increasing pain.
- ☐ I cannot stand for longer than ½ hour without increasing pain.
- ☐ I cannot stand for longer than 10 minutes without increasing pain.
- ☐ I avoid standing because it increases the pain right away.

Section 7: Sleeping

- ☐ I get no pain in bed.
- ☐ I get pain in bed, but it does not prevent me from sleeping well.
- ☐ Because of pain, my normal night's sleep is reduced by less than ¼.
- ☐ Because of pain, my normal night's sleep is reduced by less than ½.
- ☐ Because of pain, my normal night's sleep is reduced by less than ¾.
- ☐ Pain prevents me from sleeping at all.

Section 8: Social Life

- ☐ My social life is normal and gives me no extra pain.
- ☐ My social life is normal, but increases the degree of pain.
- ☐ Pain has no significant effect on my social life apart from limiting my more energetic interests.
- ☐ Pain has restricted my social life and I do not go out as often.
- ☐ Pain has restricted my social life to my home.
- ☐ I hardly have any social life because of the pain.

Section 9: Traveling

- ☐ I get no pain while traveling.
- ☐ I get some pain while traveling, but none of my usual forms of travel makes it any worse.
- ☐ I get extra pain while traveling, but it does not compel me to seek alternative forms of travel.
- ☐ I get extra pain while traveling, which compels me to seek alternative forms of travel.
- ☐ Pain restricts all forms of travel.
- ☐ Pain prevents all forms of travel except that done by lying down.

Section 10: Changing degree of Pain

- ☐ My pain is rapidly getting better.
- ☐ My pain fluctuates, but is definitely getting better.
- ☐ My pain seems to bet getting better, but improvement is slow at present
- ☐ My pain is neither getting better nor worse.
- ☐ My pain is gradually worsening.
- ☐ My pain is rapidly worsening.

Neck Pain Disability Index Questionnaire
Neck pain and headaches

Name: Date:

Please check the statement that most accurately matches how your neck discomfort is affecting you:

Section 1: Pain Intensity
- ☐ I have no pain at the moment.
- ☐ The pain is very mild at the moment.
- ☐ The pain is moderate at the moment.
- ☐ The pain is fairly severe at the moment.
- ☐ The pain is very severe at the moment.
- ☐ The pain is the worst imaginable at the moment.

Section 2: Personal Care
- ☐ I can look after myself normally without causing extra pain.
- ☐ I can look after myself normally but it causes extra pain.
- ☐ It is painful to look after myself and I am slow and careful.
- ☐ I need some help but manage most of my personal care.
- ☐ I need help every day in most aspects of self care.
- ☐ I do not get dressed, I was with difficulty and had to stay in bed.

Section 3: Lifting
- ☐ I can lift heavy weights without extra pain.
- ☐ I can lift heavy weights but it gives me extra pain.
- ☐ Pain prevents me from lifting heavy weights off the floor but I can manage if they are convenient places e.g. on a table
- ☐ Pain prevents me from lifting heavy weights but I can manage light to medium weights if they are conveniently positioned.
- ☐ I can only lift very light weights
- ☐ I cannot lift or carry anything.

Section 4: Reading
- ☐ I can read as much as I want with no pain in my neck.
- ☐ I can read as much as I want to with slight pain in my neck.
- ☐ I can read as much as I want with moderate pain.
- ☐ I can't read as much as I want because of moderate pain in my neck.
- ☐ I can hardly read at all because severe pain in my neck.
- ☐ I cannot read at all.

Section 5: Headaches
- ☐ I have no headaches at all
- ☐ I have slight headaches which come infrequently.
- ☐ I have slight headaches which come frequently.
- ☐ I have moderate headaches which come infrequently
- ☐ I have moderate headaches which come frequently
- ☐ I have headaches almost all the time.

Section 6 Concentration:
- ☐ I can concentrate fully when I want to with no difficulty
- ☐ I can concentrate fully when I want to with slight difficulty
- ☐ I have a fair degree of difficulty in concentration when I want.
- ☐ I have a lot of difficulty in concentrating when I want to.
- ☐ I have a great deal of difficulty in concentrating when I want to
- ☐ I cannot concentrate at all.

Section 7: Work
- ☐ I can do as much work as I want to.
- ☐ I can only do my usual work, but no more.
- ☐ I can do most of my usual work, but no more.
- ☐ I cannot do my usual work.
- ☐ I can hardly do any work at all.
- ☐ I can't do any work at all.

Section 8: Driving
- ☐ I drive my car without any neck pain.
- ☐ I can drive my car as long as I want with slight pain in my neck.
- ☐ I can drive my car as long as I want with moderate pain in my neck.
- ☐ I can't drive my car as long as I want because of moderate pain in my neck.
- ☐ I can hardly drive my car at all because of severe pain in my neck.
- ☐ I can't drive my car at all.

Section 9: Sleeping
- ☐ I have no trouble sleeping
- ☐ My sleep is slightly disturbed (less than 1 hr. sleepless).
- ☐ My sleep is moderately disturbed (1-2 hrs. sleepless).
- ☐ My sleep is moderately disturbed (2-3 hrs. sleepless).
- ☐ My sleep is greatly disturbed (3-4 hrs. sleepless).
- ☐ My sleep is completely disturbed (5-7 hrs. sleepless).

Section 10: Recreation
- ☐ I am able to engage in all my recreation activities with no neck pain at all.
- ☐ I am able to engage in all my recreation activities with some pain in my neck.
- ☐ I am able to engage in most, but not all of my usual recreation activities because of pain in my neck.
- ☐ I am able to engage in a few of my usual recreation activities because of pain in my neck.
- ☐ I can hardly do any recreation activities because of pain in my neck.
- ☐ I can't do any recreation activities at all.

Informed Consent to Care

You are the decision maker for your health care. Part of our role is to provide you with information to assist you in making informed choices. This process is often referred to as “informed consent” and involves your understanding and agreement regarding the care we recommend, the benefits and risks associated with the care, alternatives, and the potential effect on your health if you choose not to receive the care.

We may conduct some diagnostic or examination procedures if indicated. Any examinations or tests conducted will be carefully performed but may be uncomfortable.

Chiropractic care centrally involves what is known as a chiropractic adjustment. There may be additional supportive procedures or recommendations as well. When providing an adjustment, we use our hands or an instrument to reposition anatomical structures, such as vertebrae. Potential benefits of an adjustment include restoring normal joint motion, reducing swelling and inflammation in a joint, reducing pain in the joint, and improving neurological functioning and overall well-being.

It is important that you understand, as with all health care approaches, results are not guaranteed, and there is no promise to cure. As with all types of health care interventions, there are some risks to care, including, but not limited to: muscle spasms, aggravating and/or temporary increase in symptoms, lack of improvement of symptoms, burns and/or scarring from electrical stimulation and from hot or cold therapies, including but not limited to hot packs and ice, fractures (broken bones), disc injuries, strokes, dislocations, strains, and sprains. With respect to strokes, there is a rare but serious condition known as an “arterial dissection” that typically is caused by a tear in the inner layer of the artery that may cause the development of a thrombus (clot) with the potential to lead to a stroke. The best available scientific evidence supports the understanding that chiropractic adjustment does not cause a dissection in a normal, healthy artery. Disease processes, genetic disorders, medications, and vessel abnormalities may cause an artery to be more susceptible to dissection. Strokes caused by arterial dissections have been associated with over 72 everyday activities such as sneezing, driving, and playing tennis.

Arterial dissections occur in 3-4 of every 100,000 people whether they are receiving health care or not. Patients who experience this condition often, but not always, present to their medical doctor or chiropractor with neck pain and headache. Unfortunately a percentage of these patients will experience a stroke.

The reported association between chiropractic visits and stroke is exceedingly rare and is estimated to be related in one in one million to one in two million cervical adjustments. For comparison, the incidence of hospital admission attributed to aspirin use from major GI events of the entire (upper and lower) GI tract was 1219 events/ per one million persons/year and risk of death has been estimated as 104 per one million users.

It is also important that you understand there are treatment options available for your condition other than chiropractic procedures. Likely, you have tried many of these approaches already. These options may include, but are not limited to: self-administered care, over-the-counter pain relievers, physical measures and rest, medical care with prescription drugs, physical therapy, bracing, injections, and surgery. Lastly, you have the right to a second opinion and to secure other opinions about your circumstances and health care as you see fit. I have read, or have had read to me, the above consent. I appreciate that it is not possible to consider every possible complication to care. I have also had an opportunity to ask questions about its content, and by signing below, I agree with the current or future recommendation to receive chiropractic care as is deemed appropriate for my circumstance. I intend this consent to cover the entire course of care from all providers in this office for my present condition and for any future condition(s) for which I seek chiropractic care from this office.

PIP (Personal Injury Protection) Agreement

What is Oregon Personal Injury Protection Insurance?
Personal injury protection insurance is medical and wage loss insurance that is required for every Oregon non-commercial auto policy.

Who does personal injury protection insurance cover?
It covers all of the occupants of the car. It also covers you if you are a pedestrian or a cyclist. If you do not have personal injury protection but are a pedestrian or cyclist hit by a car, the driver's personal injury protection covers you.

Why do I have to make a claim through my insurance company for personal injury protection benefits?
Oregon is a no fault state. Oregon law provides that your insurance company provide personal injury protection insurance regardless of whose fault the accident is. This means Complete Health Chiropractic Center (CHCC) will bill the car insurance of the vehicle you were in. The insurance company of the car you were in is required either to pay:
1) For two years from the date of injury.
2) Up to the maximum of the PIP coverage on the policy for your medical care.
3) What they deem to be medically necessary.
It is important that you know what your PIP coverage amount is so that you are aware when/if you reach your maximum. This includes all providers you have seen.

If you hit someone or something: Your insurance is the only insurance involved. CHCC will bill your car insurance for the period of time explained above.

If someone hit you and has insurance (3rd party insurance): If another person is at fault, their insurance is called the 3rd party. 3rd party insurance is required to pay for 2 years of medical care, or what they deem to be medically necessary. The 3rd party insurance does not pay for any of your medical care until you are released from care, and you have agreed to a settlement with them. In most cases the 3rd party insurance will reimburse all parties (such as your car insurance) once you have settled with them. You are not required to settle your medical claim with the 3rd party until you are released from care, and you do not have to sign a medical release of information authorization with the 3rd party insurance until you are ready to settle. You do have to contact the 3rd party insurance before 2 years from the date of your accident to initiate a settlement.

If someone hit you and has no insurance (Uninsured motorist): CHCC will bill your car insurance. You will settle with your insurance for any pain and suffering under the uninsured portion of your insurance.
